

# • ULTIMATE DANCE EXPERIENCE •

## COVID-19 SAFE

### SMALL CLASS SIZES

We have cut our class sizes down this year to ensure that everyone has their own space to dance and rooms are crowded.

### SANITIZING OFTEN

We will be sanitizing our studio spaces, common spaces, and any props in between every single class and group of kids.

### SOCIAL DISTANCE

Our studio spaces have been divided and set up so that all dancers have specific spots that are 6 feet apart while in class to ensure social distancing.

### ONLINE OPTIONS

We will have weekly online classes available to anyone who is not ready to be back in the studio. We have set up TV's and Mic's in the studio's to ensure the teachers can see the dancers online, and kids at home can have a successful experience.

### MAKE UP OPTIONS

If a dancer is sick or cannot come to class they can do a make up class in studio, or join online instead. Make up classes can be used anytime through the end of the season in May.

### MASKS/TEMPS

We will be taking temperatures of all of our dancers and teachers. Masks will be required for staff within 6 ft or dancers, and recommended for dancers when in transitions to and from class.
