HAIR

Required hair for girls:

Part in the center, two dutch braids until you get to the ears and then just a normal braid down the rest of the way. Slicked ponytail in the back center and add in the two braids. Make sure to use LOTS of gel and hairspray so there are no fly aways! I made a video tutorial so if you need it reach out!

SHOES

All teams 1-10 need half sole turner shoes. Leather or Canvas are fine, we have some canvas in stock and that is what we are recommending this year. Hip Hop Crews need solid black tennis shoes.

NUDE LEOTARDS

**Highly recommended*

It is highly recommend that you purchase a nude leotard to wear under your costumes for competitions. There are usually no private changing rooms, only shared rooms so being able to have a leo underneath can make all the difference! You will need one that has CLEAR straps! Older dancer take note of which leos are lined or not, or purchase a nude bra instead.

MAKE UP

Required make up for girls

All girls are required to wear this same matching make up. We recommend the Senegence brand for eye shadow, eye liner, and lip stick/gloss because it stays! However, it is not required as long as you find an exact color match in another brand that will work as well. Silver shimmer eye shadow, black eye liner and in corners shading, blush, and bright red lipstick. Fake Eye lashes required for ages 9+, mascara only is ok for those younger 8 and younger.

WARM UPS

Warm ups are not required, but are fun to have to match their teams! You can order these through the portal along with other UDE gear such as tank tops, leggings, etc.
