We will be having Rocket Salt photographers set up at the recital venue taking individual shots after your scheduled recital time. We will not be doing class photos this year as we try something different! So, if you would like pictures go ahead and come to your scheduled recital time, check in, perform, and then after your recital you can come to the picture section to get pictures done! The hope is that this will make life easier for our dance families in not having to get ready twice!
